

# HARVEST UPDATE

## JUNE 6, 2018

### HIGHLIGHTS

- 🍓 The first **row cover strawberries** will be ready at the end of this week in the Montreal area, Laurentians, Lanaudière and Montérégie.
- 🍓 The arrival of significant amounts will begin at the end of this week for the Montreal area and after June 15<sup>th</sup> for the Quebec City area.
- 🍓 Some winter frost has been noted but most fields were well protected.
- 🍓 Strawberry plants are flowering well and are starting to bear a lot of fruit!
- 🍓 New plantings are doing very well and we are expecting a very good and long harvest season.
- 🍓 The **Fraîches du Québec** season launch will be on June 11<sup>th</sup>.
- 🍓 Have a great season!
