## HARVEST UPDATE

**JUNE 5, 2019**

### HIGHLIGHTS

- 🍓 The **FIRST ROW COVER STRAWBERRIES** will be harvested after June 10<sup>th</sup> in the Montreal area (Laurentians, Lanaudière and Montérégie) and after June 15<sup>th</sup> for the Quebec City area.
- 🍓 The arrival of significant amounts will only begin starting next week in central areas.
- 🍓 Despite cold and rainy weather, strawberry plants had nice flowering and are developing well although more slowly than usual.
- 🍓 New plantings were late but are doing well and we are expecting a very good and long harvest season.
- 🍓 Did you know that **Les Fraîches du Québec** is celebrating its 10<sup>th</sup> anniversary? [Watch the video](#) !
- 🍓 **Have a great 2019 season !**
